Examiner Interview Summary

Applicant thanks Examiner Vogel for the telephonic interview on March 10, 2011 with Applicant's attorney of record, Raymond Wagenknecht Reg. No. 50,948. During the interview the rejection of claim 1 was discussed compared to the teachings of the application to demonstrate support for the claims. The diagram provided in the Response to Office Action dated April 15, 2010 was also referred to when discussing the invention.

No claims were ultimately allowed; however, the Examiner suggested the claims clarify where recombination events occur and agreed to contact the attorney of record should there be further questions regarding the application.

Respectfully submitted,
